01 PROFILE

Seasoned Engineer with expertise in Node.js, MongoDB, and Slack bots, adept in secure, scalable solutions. Open to global opportunities.

02 EMPLOYMENT HISTORY

02/2022　　　　　　**Software Development Engineer-1 at Springworks**　　　*Bengaluru*

- Utilized Node.JS, MongoDB, and AWS to contribute to developing and deploying key products.
- Developed secure APIs and innovative Slack bots, demonstrating proficiency in Node.JS and MongoDB.
- Assisted in grooming, building, and deploying features, ensuring end-to-end ownership.
- Shipping features with great speed and fewer bugs to hit Markets first

09/2020 — 01/2022　　**Junior Product Specialist at Cognizant Technological Solutions**　　　*Kochi*

- Played a key role in developing business logic for GUIDEWIRE ClaimCenter, a leading insurance claims management software, enhancing its functionality and user experience.
- Leveraged Node.JS and GraphQL to create APIs for third-party integration, facilitating seamless data exchange and improving system interoperability.
- Gained hands-on experience with Worker services and message queues, enhancing my understanding of asynchronous processing and system integration.
- Collaborated with cross-functional teams to understand requirements, troubleshoot issues, and deliver solutions on time and within scope.

03 EDUCATION

Aug 2016 — Jun 2020　　**Muthoot Institute of Technology and Science**　　　*Kochi*

Bachelor of Technology

04 SKILLS

HTML & CSS	●●●○○	React.js	●●●○○
Python	●●○○○	MongoDB	●●●●○
SQL	●●○○○	Slack App Development	●●●●●
Git	●●●●○	AWS	●●●○○
JavaScript	●●●●●	API Development	●●●○○
Node.Js	●●●●○	Ethical Hacking	●●●○○

05 COURSES

2022 **Certified Ethical Hacker at EC-Council**

06 HOBBY PROJECTS

GPTWizard

Developed a ChatGPT-based Node.js application integrated with a third-party WhatsApp API, bringing the power of ChatGPT to WhatsApp. The project utilizes an AWS Code Build and Deploy pipeline and is hosted on an AWS ECS Fargate Cluster with a load balancer.

Netflix Clone

Created a simple Netflix clone using React.js and Firebase to enhance my React.js skills.

Python Keylogger

Developed a simple key logger using Python during my first semester of Engineering, demonstrating my early interest and initiative in programming.

07 PUBLICATIONS

2020 **Alyce: An AI Fine-Tuned Screenplay Writer**

Co-authored a paper titled "Alyce: An AI Fine-Tuned Screenplay Writer," published in Innovative Data Communication Technologies and Applications in 2020. The paper explores the potential of AI in screenplay writing.
